

Discover your job home at Compart and conquer the digital future of customer communication with us as

Java Developer* as future-shaper

Full time. Permanent. Now.

As an international IT company (170 employees) headquartered in Böblingen (Stuttgart area), we have been developing smart software solutions and connecting people, companies and systems for almost 30 years. It is our goal to optimize value creation in customer communication through modern platforms that create, review, send and make accessible documents and content of every type and format in every digital and analog communication channel available today. We are one of the leading providers, are actively involved in developing standards in document and output management and are regarded worldwide as a driver of innovation.

What to expect:

- Actively develop and enhance our complex products for processing, production and managing documents
- Engaging collaboration in the international Scrum team with plenty of room for creativity and own solutions
- Provision of technical information for testers & technical editors
- Close technical coordination of features with the product owner
- Further development of and creation of general approaches for cloud architectures
- Advancing the design and software architecture of our products; maintaining oversight on the build
- Minimum of 2-3 days/week in the office in Böblingen

Your profile:

- Successfully graduated in computer science or comparable qualifications
- Sound knowledge of object orientation and in practical development with Java
- Confident use of Spring frameworks, unit testing, JDBC, REST, XML and agile software development processes
- Experience in designing and using continuous integration pipelines with Git and Jenkins
- Ideally, hands-on knowledge of databases, cloud technologies/architectures (Docker, Kubernetes, OpenShift)
- Technological curiosity and the ability to independently analyze complex technical contexts
- Very good knowledge of English in word and script, German language skills are an advantage

Our Benefits for You:

	Living and working by shared values such as integrity, trust, and respect		International working environment, outstanding team spirit		Flat hierarchies, short decision making processes, open door policy
	Compart Academy, individual development, language courses free of charge		Work-life balance, home office, parent-child office		Company canteen with employee discount, free fruit & drinks
	Job bike, subsidized public transport (VVS), free employee parking		Employee events, after work sports & fun with colleagues		Company pension scheme, accident insurance free of charge, Compart health care

Would you like to shape the future with the Compart Team?

We look forward to your application. Please send us your application documents (as PDF) and let us know your earliest possible start date as well as your salary expectations.

*Talent primary. All genders welcome.
