

Discover your job home at Compart and conquer the digital future of customer communication with us as

## Software Test Engineer\*

Full time. Permanent. Now.

As an international IT company (170 employees) headquartered in Böblingen (Stuttgart area), we have been developing smart software solutions and connecting people, companies and systems for more than 30 years. It is our goal to optimize value creation in customer communication through modern platforms that create, review, send and make accessible documents and content of every type and format in every digital and analog communication channel available today. We are one of the leading providers, are actively involved in developing standards in document and output management, and are regarded worldwide as a driver of innovation.

### What to expect:

- Monitoring of the automated test execution and evaluation of the test results
- Independent test maintenance and reproduction of test deviations, incl. analysis and reporting
- Further development and new implementation of automated tests and test sequences
- Independent conception, creation, documentation, execution and maintenance of new test cases
- Active participation in agile teams (Scrum) as well as technical support of other software testers
- Dealing with CI and versioning systems as well as wiki and ticket systems
- Minimum of 2-3 days/week in the office in Böblingen

### Your profile:

- Successfully completed university degree (e.g. computer science, engineering)
- Ideally ISTQB certification or professional experience in software testing
- Programming experience in test automation (e.g. with Java/Groovy, REST-assured) as well as experience with XML
- Testing experience in operating systems like Windows, Linux and AIX, with tools like Bash and Batch
- Responsible, independent and structured way of working
- Strong communicator and cooperative team player
- Very good written and spoken English, German language skills desirable

### Our Benefits for You:

	Living and working by shared values such as integrity, trust, and respect		International working environment, outstanding team spirit		Flat hierarchies, short decision making processes, open door policy
	Compart Academy, individual development, language courses free of charge		Work-life balance, home office, parent-child office		Company canteen with employee discount, free fruit & drinks
	Job bike, subsidized public transport (VVS), free employee parking		Employee events, after work sports & fun with colleagues		Company pension scheme, accident insurance free of charge, Compart health care

## Would you like to shape the future with the Compart Team?

We look forward to your application. Please send us your application documents (as PDF) and let us know your earliest possible start date as well as your salary expectations.

\*Talent primary. All genders welcome.
