

Discover your home at Compart and conquer the digital future of customer communication with us as

## Software Test Engineer\* for Web User Interfaces and Services

Full time. Permanent. Now.

Together with our 170 employees we have been developing smart Software Solutions for over 25 years. As an international IT company based in Böblingen, Germany (near Stuttgart), our goal is to optimize value creation in customer communication through modern omnichannel platforms. This means that documents and content of any type and format can be processed, distributed and made accessible in any systems and channels. We are a leading provider of Document & Content Technology Solutions and inspire our customers with our innovative excellent world-class technologies.

### Your responsibilities:

- Responsibility for testing our web user interfaces and services
- Active participation in agile teams (Scrum) and professional cooperation among software testers
- Independent conception, development, documentation, execution and maintenance of test cases
- Design, implementation and configuration of automated tests and test sequences
- Monitoring and evaluation of test results
- Reproduction, analysis and reporting of test deviations
- Improvement of existing test processes and test automation

### Your profile:

- Successfully completed university studies (e.g. computer science, engineering)
- Ideally several years of professional experience in software testing or an ISTQB certification
- Testing experience with web user interfaces and/or REST services as well as familiarity with CI, WIKI and ticket systems
- Experience in the automation of tests for web services (e.g. Java/Groovy with Selenium or REST-assured)
- Solution oriented, analytical and structured way of working
- Ability to work in a team and excellent communication skills
- Very good knowledge of the German and/or English language, in word and script

### Our Benefits for You:

- |  |  |  |
|--|--|--|
|  Living and working by shared values such as integrity, trust, and respect |  International working environment, outstanding team spirit |  Flat hierarchies, short decision making processes, open door policy          |
